

## **Bradford Woods Elementary Science Enrichment Program**

**For grades K, 1<sup>st</sup>, & 2<sup>nd</sup>**

Have you ever wanted to perform your own science experiments? Here's your chance! We'll explore chemistry and physics in a very hands-on (MESSY!) way.

You may have played with slime before, but have you ever seen a flying teabag?

Mrs. Joan Batson will teach this exciting science enrichment series. Join us in Chemistry Chaos as we break out the beakers. Classes will include discussion, exploration, science projects and experiments. Don't miss it!
